- Advanced Multimedia Authoring
- Digital Strategies
- Digital Diversity
- Multimedia Content Creation
- Business Law

Codeacademy

Frontend Development

10/2020 - Present

Courses

- Frontend Engineer
- Learn React

PROJECTS

My Online Portfolio

- My website is created in HTML and CSS, I have created it as a start to my career and showcase my projects in the web development industry.

Yelp Clone

- Learned React while creating a clone of Yelp called 'Ravenous'. Learned how to use the Yelp API to generate my own search filters.

Every Kid Outdoors, National Park Advertisement

- Created an advertisement to get more families to attend Bryce Canyon National Park. I used Adobe Illustrator to design the advertisement.

Breakout

- Coded a classical game called Breakout. Arrow keys on keyboard control paddle, while the ball increases speed after each level. The game was coded in JS.

WORK EXPERIENCE

N. Brereton Medical Technologies
